## Installing IRIS@Curtin on Microsoft Edge using a MAC Computer

1. On Safari or Google Chrome, google search "Microsoft Edge Download" and navigate to this Microsoft page.

2. Once you are on the download page, click on the Blue "Download for macOS" Button.

**3.** You will then be prompted with two download options. If your Mac has an Intel Processor click on the "Mac with Intel Chip" option. If your Mac has an Apple Chip, then click on the "Mac with Apple Chip" option.

	Which version is best for your Mac? Microsoft Edge has been optimized for both Macs with Intel chips (most common) and Macs with Apple chips (some newer Mac models)	×
0	Mac with Intel chip (most common) Mac with Apple chip	
	Not sure? See instructions	

**4.** If you are unsure of what processor ("Chip") your computer has, you can click on the apple logo on the top left of your computer screen and click "About this Mac".

5. The processor name will be next to "Chip".

## **Camera and Microphone Issues**

When the IRIS Extension is activated for the first time, ensure that you click on allow for both the "Camera" and "Microphone" permissions when prompted. Otherwise, IRIS will not work.

If you are having issues with your Webcam or Microphone, you need to check if you have given access to Microsoft Edge for the Camera and Microphone. To do this, please follow the instructions below:

1. Open "System Preferences" from the Mac dock.

2. Once System Preferences has opened, click on "Security & Privacy".

•••	< >	iiii Syste	m Preferenc	ces		Q Search	
						Apple ID	Family Sharing
General	Desktop & Screen Saver	Dock & Menu Bar	Mission Control	Siri	Spotlight	Language & Region	Notifications & Focus
(O) Internet Accounts	Passwords	Wallet & Apple Pay	Users & Groups	(The second seco	Screen Time	Extensions	Security & Privacy
Software Update	Network	Bluetooth	C Sound	Touch ID	Keyboard	Trackpad	Mouse
Displays	Printers & Scanners	Battery	Date & Time	Sharing	Time Machine	Startup Disk	

- **3.** Once in Security & Privacy, scroll down on the left-hand side, until you find "**Camera**" and click on this setting.
  - i. Then click on the gold lock on the bottom left of the window and input your password when prompted.
  - ii. Make sure that Microsoft Edge has been 'Ticked'
  - iii. Repeat this for "Microphone"
